Einleitung

Der Bote wurde 1924 von rußlandmennonitischen Einwanderern nach Kanada als Bindeglied der weitverstreuten Immigrantengruppen untereinander und, so weit wie möglich, mit den Zurückgebliebenen in der alten Heimat, ins Leben gerufen. Im August 1947 wurde er mit dem *Christlichen Bundesboten* verschmolzen und als deutschsprachiges Organ von der Allgemeinen Konferenz der Mennoniten (General Conference Mennonite Church) übernommen. Der erste Band des *Bote Index* (Namen- und Sachverzeichnis) schließt diese Zeitspanne, 1924-1947, ein.

Dieser zweite Band des *Index* umschließt die Jahrgänge 1948 bis 1963, die letzten Jahre unter der Leitung des Gründers des *Boten*, D. H. Epp, und ab 1955 der seines Nachfolgers, Dr. Walter Quiring. Die Peter B. Wiens Amtsperiode, 1963 bis 1978, soll den Inhalt für Band 3 des *Index* bilden.

Wie im ersten Band sollen auch im zweiten Band mehrere Indextypen dem verschiedenartigen Inhalt des *Boten* Rechnung tragen. Verfasser- und Inhaltsverzeichnisse der allgemeinen Artikel bilden das Gros des *Index*. Gedichte, Nachrufe, Familien- und Gemeindeberichte und Buchbesprechungen sind separat verzeichnet worden.

Einige Kategorien wurden nicht im *Index* verzeichnet: Bekanntmachungen, Annonzen, Kurznachrichten, politische Nachrichten, Erzählungen und die verschiedenen "Füller" Artikel.

Ein Stern * vor einem Titel deutet eine Photographie an.

ERSTER TEIL (A)

1. Autoren- und Artikelverzeichnis

Die Verfasser der allgemeinen Artikel erscheinen in alphabetischer Reihenfolge. Ihre Artikel werden unter jedem Namen in chronologischer Reihenfolge verzeichnet. Anonyme Artikel werden am Ende dieser Abteilung in chronologischer Reihenfolge verzeichnet.

Bei jedem Artikel erscheint das Datum (Tag, Monat und Jahrgang) nach dem Titel des Artikels. Bei Artikeln mit Fortsetzungen wird die Zahl der Einschübe in Klammern zusammen mit dem Datum des letzten Einschubs angegeben.

Sämtliche Artikel im Autorenverzeichnis werden der Reihenfolge nach nummeriert. Die Zahl, die ein Artikel bekommt, wird dann die Bezugnahme auf den Artikel in dem Sachverzeichnis.

ZWEITER TEIL (B)

2. Sachverzeichnis

Wie oben angedeutet, beziehen sich die Zahlen in diesem Verzeichnis auf die mit den Zahlen nummerierten Artikel im Autorenverzeichnis. Die Verkürzung "M." bezieht sich auf "Mennonit" oder "mennonitisch."

3. Gedichtsverzeichnis: Dichter

Nur Gedichte mennonitischer Dichter oder mennonitischen Inhalts sind verzeichnet worden. Da der erste Band kein Gedichtsverzeichnis enthält,

werden in diesem Band sämtliche Gedichte der Jahrgänge 1924 bis 1963 eingeschlossen. Auch hier, wie im ersten Teil, werden die Gedichte nach jedem Dichter chronologisch geordnet und fortlaufend nummeriert.

4. Gedichtsverzeichnis: Gedichte

Wie im ersten Teil sind die Zahlen der beim Dichterverzeichnis nummerierten Titel die Bezugnahmen auf die Gedichte.

5. Nachrufe

Diese werden in alphabetischer Reihenfolge der Namen der Verstorbenen verzeichnet. Bei jedem Namen wird Wohnort der Verstorbenen, Datum des Artikels und Zeitungsseite angegeben.

6. Hochzeiten und Ehejubiläen

Die Reihenfolge ist die alphabetische Reihenfolge der Namen der Ehemänner (oder des Bräutigams). Bei grünen Hochzeiten wird auch der Mädchenname der Braut angegeben. Bei jedem Namen folgt dann der Ort der Feier und Datum und Seitenangabe des Berichts.

Die Buchstaben "S", "G" oder "D" nach dem Datum stehen für Silber– Gold– oder Diamantenhochzeit.

7. Gemeinde– und Ortsberichte

Die Ortschaften sind alphabetisch nach ihren Namen geordnet worden: Land, Provinz (oder Staat) und Ortschaft. In Fällen, wo der Name der Gemeinde nicht derselbe wie der der Ortschaft ist, wird der Name der Gemeinde dem der Ortschaft beigefügt. Nach jedem Ortsnamen folgen dann die Berichte in chronologischer Reihenfolge je mit Angabe der Nummer und Seite des *Boten*.

8. Schulen und Lehranstalten

Mehrere Jahre lang bildeten diese Berichte eine besondere Sparte im *Boten*. Diese werden in alphabetischer Reihenfolge nach den Namen der Lehranstalten ohne die Namen der Berichtersteller verzeichnet. Unter den Namen der Lehranstalten sind die Berichte in chronologischer Reihenfolge mit den Angaben der Nummer und Seite des *Boten* verzeichnet worden. In einigen Fällen erscheinen die Namen dieser Berichte auch im Sachverzeichnis.

9. Buchbesprechungen: Verfasser

Alle Buchbesprechungen sind nach den Namen der Verfasser alphabetisch geordnet worden. Unter jedem Verfasseramen sind seine Schriften chronologisch in der Reihenfolge, wie sie im *Boten* erschienen, verzeichnet worden.

Schriften ohne Autoren–oder Redakteurangaben werden am Ende des Verzeichnisses in chronologischer Ordnung aufgereiht. Wie im ersten Teil, werden auch hier alle Titel fortlaufend nummeriert, zwecks späterer Bezugnahme.

10. Buchbesprechungen: Rezensenten

Auch die Namen der Buchrezensenten werden alphabetisch geordnet eingetragen. Nach jedem Namen folgen dann die Bezugsnummern der Publikationen wie unter Nr. 9 angedeutet.

Introduction

Der Bote was founded in 1924 by and for Mennonites who had immigrated to Canada from Russia in the 1920s. In August 1947 it amalgamated with *Der Christliche Bundesbote* and was taken over by the publisher of that paper, the General Conference Mennonite Church. The first volume of *Der Bote Index* covers this period.

This second volume of the *Index* spans the years 1948 to 1963. This includes the concluding years of the editorship of Dietrich H. Epp, founder of *Der Bote*, and the entire period of his successor, Dr. Walter Quiring. The third volume will cover the years from 1964 to 1978 during which Peter B. Wiens served as editor.

As in the first volume, several types of indexes are included in Volume 2 to provide for the variety of articles in *Der Bote*. The general Author and Subject indexes form the bulk of the *Index*. In addition, specific indexes for Poems, Obituaries, Weddings and Anniversaries, Local and Congregational Reports and Book Reviews are included.

Several categories of *Der Bote* material were not included in the index: short announcements, advertisements, brief news notes, world news, fiction and the miscellaneous "filler" items.

An asterisk * inserted before a title in the Author Index and before a date in the other indexes indicates a photograph, either by itself or accompanying an article.

For user convenience Volume 2 has been bound in two parts.

Part A

1. Author Index and Article Titles

Authors of the general articles are listed in alphabetical order with article titles for each author listed in chronological order. Anonymous articles appear at the end of this section in chronological order.

The day, month, year and page number of an article are indicated after its title. For articles which were published as a series, the number of instalments is indicated in parentheses followed by the date of the last instalment.

All articles in the main Author Index are numbered consecutively. These numbers are references for the Subject Index (Part B, section 2).

PART B

2. Subject Index

Numbers under the subjects refer to the number of the article in the Author Index (Part A, section 1). The term "Mennonite" is abbreviated "M."

3. Poems: Author Index

Only poems by Mennonite writers or dealing specifically with Mennonite topics are indexed. Since poems were not indexed in the first volume, this index covers the years 1924 to 1963.

The format follows that of the main Author Index (Part A, section 1). The

consecutive numbers before the titles in this listing are references for the Poems: Subject Index (Part B, section 4).

4. *Poems: Subject Index*

The format follows that of the main Subject Index (Part B, section 1). The numbers refer to the Poems: Author Index (Part A, section 3).

5. *Obituaries*

The names of the deceased are listed in alphabetical order along with their place of residence and the date and page number of the obituary.

6. *Weddings and Anniversaries*

The names of the groom or husband are listed in alphabetical order with the location of the celebration and the date and page number of the report. For weddings the name of the bride is also indicated.

The letters after the date indicate the anniversary: S = silver, G = golden, D = diamond.

7. *Congregational and Local Reports*

Locations are listed alphabetically under the province or state in which they are situated. The provinces or states are listed alphabetically under their respective countries. In many instances, the name of the congregation is indicated after the town or city. The reports and letters are in chronological order.

8. *Schools and Colleges*

For several years *Der Bote* placed reports from Mennonite educational institutions into a separate section. These are indexed without the writers' names.

Schools, colleges and seminaries are listed in alphabetical order; the reports from them are in chronological order. Some of these educational institutions also appear in the general Subject Index (Part B, section 2).

9. *Book Reviews: Author Index*

The books reviewed in *Der Bote* are listed alphabetically by author(s). The titles of their reviewed publication(s) appear chronologically.

Books for which no author or editor was indicated are listed at the end in chronological order of the review.

Consecutive numbers before the book titles are the references for the Book Reviews: Index of Reviewers (Part B, section 10).

10. *Book Reviews: Index of Reviewers*

The book reviewers are listed alphabetically; the numbers refer to the Book Reviews: Author Index (Part B, section 9).
